

*Bio- Verena Jones*

After moving countries and continents, when she was 7 years old, from Germany to the USA, Verena spent most of her life on the East Coast.

She received a B.S. in Psychology from Mary Washington College in Fredericksburg, VA and began working in the human resources field for a health care system in south-eastern Virginia.

After moving to the Raleigh area of North Carolina and eventually the North Country of northern New York for her husband's career, Verena relocated to Beloit the summer of 2017 with her husband Tim, two daughters Maia and Ada, and two crazy four legged 'kids' Lola and Rushmore.

Verena and her family have settled into a wonderful neighborhood in Beloit and are enjoying exploring and getting to know the area. She enjoys reading, cooking, working out, and spending time with her family and friends.

She is very excited to join the Chamber as the Community Concierge and is looking forward to sharing what Beloit has to offer.
