

DISTRICT LOOKS TO WORK WITH GBEDC

September 07, 2018 at 8:51 am | By AUSTIN MONTGOMERY Staff writer

BELOIT - School District of Beloit administrative staff will brief the Greater Beloit Economic Development Corporation Board of Directors on Wednesday about the district's future plans and how the two entities can work together.

The GBEDC will meet Wednesday and welcome special guests Acting Superintendent Don Childs and Beloit Memorial High School Principal Orlando Ramos.

Childs said he and Ramos would touch on the administration's plan to move the district forward, focusing on student achievements, social development and overall student growth.

Childs said this would be his first time addressing the board of directors, and he commended the GBEDC for its work in building strong partnerships.

"They would like to hear from us because they want to know how we can be effective partners with them," Childs said. "Many of the businesses have partnered with us for internship and work experience opportunities to explore careers those are important to preparing kids for the post secondary world."

Childs said Ramos plan to focus more on the high school's plan, but noted it was mostly integrated into the overall district outlook.

The GBEDC will meet at 7:30 a.m. in the conference room of the Southern Wisconsin Regional Airport terminal building.
